SHORT TERM MEDICAL INSURANCE INDIVIDUAL POLICY

THIS POLICY IS ISSUED AND DELIVERED IN THE STATE OF Kentucky and shall be governed by its laws. This Policy is the legal contract between the Insured and Everest Reinsurance Company. This Policy contains the terms under which We agree to insure eligible persons and pay benefits, subject to the terms and conditions herein.

CONSIDERATION - This Policy is issued in consideration of the statements made in the Enrollment Form and payment of the initial premium. Coverage is not provided until the first full premium is paid. The first premium pays for the initial term of coverage. The initial term of coverage begins at 12:01 A.M., local time on the Policy Effective Date at the Insured's Residence.

PREMIUMS - Premiums are due as stated in the section titled "Premiums".

THIS POLICY PROVIDES NON-RENEWABLE SHORT TERM INSURANCE

NO CONTINUOUS COVERAGE – This Policy provides coverage on a short term basis. It is not renewable. Although this short term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Policy to another. This means that a new Enrollment Form must be submitted, a new Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Policy will be treated as a Pre-Existing Condition under the new Policy. This Policy will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Policy Termination Date at the Insured's residence.

10 DAY RIGHT TO RETURN THE POLICY

If for any reason the Insured is not satisfied with this Policy, the Insured may return it to Us within 10 days after the Insured receives it. We will refund any premium paid and the Policy will be deemed void, just as though it had not been issued.

Be sure to check your Policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your Policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

COVERAGE FOR INSURED AND ANY DEPENDENTS WILL NOT BE RENEWED AT THE END OF THEIR COVERAGE PERIOD.

READ YOUR POLICY CAREFULLY. The policy itself sets forth, in detail, the rights and obligations of both you and your insurance company. IT IS THEREFORE IMPORTANT THAT YOU READ YOUR POLICY.

5. The treatment, drug, device, procedure, supply or service is described as investigational, experimental, a study, or for research or the like in any consent, release or authorization which the Covered Person, or someone acting on his or her behalf, may be required to sign.

WHAT WE PAY

Benefits are payable under the Policy after a Covered Person incurs charges for Eligible Expenses in excess of any applicable Additional Deductible, and then the Plan Deductible or Copayment, unless otherwise specified. Benefits will be paid at the Coinsurance amount shown in the Schedule of Benefits. Once the Out of Pocket Maximum amount is reached, the Coinsurance amount for the remainder of the Coverage Period is 100%. All benefits payable are subject to the Coverage Period Maximum Benefit. Your Schedule of Benefits shows Your Plan Deductible, Additional Deductibles, Copayment, Coinsurance amount, Out of Pocket Maximum amount and Coverage Period Maximum Benefit. Reimbursement is also subject to any benefit limitations shown in the Schedule of Benefits. Eligible Expenses

for the same treatment or service that are applicable to more than one benefit limitation shown in the Schedule of Benefits will be applied toward all applicable limitations.

PLAN DEDUCTIBLE

The Plan Deductible is the amount of Eligible Expenses a Covered Person must incur during a Coverage Period before We pay benefits.

FAMILY DEDUCTIBLE MAXIMUM

Once 3 Covered Persons have met their respective Plan Deductible in a Coverage Period, no further Plan Deductible will be required for the remainder of the Coverage Period. The Family Deductible Maximum does not apply to any additional Deductibles, which still must be satisfied if applicable.

The Copayment is waived if the Covered Person is directly admitted as an Inpatient for further treatment after which the Plan Deductible and Coinsurance will apply.

ADVANCED DIAGNOSTIC STUDIES COPAYMENT – A Copayment must be paid per occurrence for Eligible Expenses incurred in a non-Hospital setting for Advanced Diagnostic Studies, not to exceed a maximum of 3 Advanced Diagnostic Studies Copayments per Covered Person. Occurrences in excess of the maximum number of Advanced Diagnostic Studies Copayments will be subject to the Plan Deductible and Coinsurance.

COVERAGE PERIOD MAXIMUM BENEFIT

All benefits under this Policy are subject to the Coverage Period Maximum Benefit shown in the Schedule of Benefits.

PART VIII – COORDINATION OF BENEFITS (COB)

Some people have health care coverage through more than one medical insurance plan at the same time. COB allows these plans to work together so the total amount of all benefits will never be more than 100 percent of the allowable expenses during any coverage year. This helps to hold down the costs of health coverage.

COB does not apply to life insurance or accidental death and dismemberment benefits. COB also does not apply to major medical insurance as coverage hereunder ceased for a Covered Person as of the date major medical insurance became effective.

The term "plan" applies separately to each policy, contract agreement or other arrangements for benefits or services. The term "plan" also applies separately to that part of any policy, contract, agreement or other arrangements for benefits or services that coordinates its benefits with other plans and to that part that does not.

When a plan provides benefits in the form of services rather than cash payment the reasonable cash value of each service rendered will be considered to be both: (1) an allowable expense; and (2) a benefit paid.

Definitions.

"Allowable expense" means a health care service or expense including deductibles, coinsurance or copayments, that is covered in full or in part by any of the plans covering the person.

"Benefit reserve" means the savings recorded by a plan for claims paid for a covered person as a secondary plan rather than as a primary plan.

"Claim" means a request that benefits of a plan be provided or paid, and the benefits claimed may be in the form of:

1. Services including supplies;
2. Payment for all or a portion of the expenses incurred;
3. A combination of paragraphs (a) and (b) of this subsection; or
4. An indemnification.

"Complying plan" means a plan with benefit determination requirements that comply with the requirements of this administrative regulation.

"Coordination of benefits" means a provision establishing an order in which plans pay their claims, and permitting secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

"Claim determination period" means a period of at least twelve (12) consecutive months, over which allowable expenses shall be compared with total benefits payable in the absence of coordination of benefits, to determine whether overinsurance exists and how much each plan will pay or provide.

"Custodial parent" means the parent awarded custody of a child by a court decree, or with whom the child resides more than one-half (1/2) of the calendar year.

"Plan" means a form of coverage with which coordination of benefits is allowed and health benefit plans as defined in KRS 304.17A-005(22):

1. "Plan" shall not include the medical benefits coverage in a group, group-type, and individual motor vehicle "no-fault" and traditional automobile "fault" type contracts;
2. "Plan" may include Medicare benefits pursuant to 42 USC 1395, or other governmental benefits; and
3. "Plan" shall not include school accident-type coverages which cover elementary, high school, and college students for accidents only, including athletic injuries, either on a twenty-four (24) hour basis or on a "to-and-from school" basis.

"Primary Plan (Primary)" means a plan whose benefits for a person's health care coverage shall be determined without taking the existence of any other plan into consideration if:

1. The plan either has no order of benefit determination requirements, or its requirements differ from those permitted by this administrative regulation; or
2. All plans that cover the person use the order of benefit determination requirements required by this administrative regulation, and under those requirements the plan determines its benefits first..

"Secondary Plan (Secondary)" means a plan that is not a primary plan..

Requirements for Coordination of Benefits. If a person is covered by two (2) or more plans, the requirements for determining the order of benefit payments are as follows:

1. The primary plan shall pay or provide its benefits as if the secondary plan or plans did not exist;
2. A plan that does not contain a coordination of benefits provision that is consistent with this administrative regulation is always primary except that coverage obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be considered secondary to the basic package of benefits provided by the contract holder; and
3. A plan may take the benefits of another plan into account only when it is secondary to that other plan.

The first of the following requirements that describes which plan pays its benefits before another plan is the requirement to use:

1. Nondependent or dependent. The plan that covers the person other than as a dependent is primary and the plan that covers the person as a dependent is secondary unless the person is a Medicare beneficiary, in which case the order of benefits is determined in accordance with 42 USC 1395.
2. A child, including a newborn, covered under more than one (1) plan.
 - a. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married;
 - ii. The parents are not separated (whether or not they ever have been married); or
 - iii. A court decree awards joint custody without specifying that one (1) parent has the responsibility to provide health care coverage.
 - b. If both parents have the same birthday, the plan that has covered either of the parents longer is primary.

- c. If a court decree states that one (1) parent is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's plan is primary.
- d. If the parents are not married or are separated or divorced, and there is no court decree allocating responsibility for the child's health care services or expenses, the order of benefit determination among the plans of the parents and the parents' spouses (if any) is:
 - i. The plan of the custodial parent;
 - ii. The plan of the spouse of the custodial parent;
 - iii. The plan of the noncustodial parent; and then
 - iv. The plan of the spouse of the noncustodial parent.

Active or inactive employee. The plan that covers a person as an employee who is neither laid off nor retired, or as that employee's dependent, is primary.

Continuation coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law is also covered under another plan, the plan covering the person as an employee, member, subscriber or retiree, or as that person's dependent, is primary and the continuation coverage is secondary.

Longer or shorter length of coverage. If the preceding requirements do not determine the order of benefits, the plan that covered the person for the longer period of time is primary:

1. To determine the length of time a person has been covered under a plan, two (2) plans shall be treated as one (1) if the covered person was eligible under the second within twenty-four (24) hours after the first ended;
2. Changes during a coverage period that do not constitute the start of a new plan include:
 - a. A change in scope of a plan's benefits;
 - b. A change in the entity that pays, provides or administers the plan's benefits; or
 - c. A change from one (1) type of plan to another.
3. The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

If none of the preceding requirements determines the primary plan, the allowable expenses shall be shared equally between the plans.

Procedure to be Followed by Secondary Plan. A secondary plan shall reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100 percent of total allowable expenses.

The secondary plan shall calculate its savings by subtracting the amount that it paid as a secondary plan from the amount it would have paid had it been primary and any savings shall be:

1. Recorded as a benefit reserve for the covered person; and
2. Used by the secondary plan to pay any allowable expenses, not otherwise paid, that are incurred by the covered person during the claim determination period.

By the end of the claim determination period, the secondary plan shall:

1. Determine whether a benefit reserve has been recorded for the covered person;
2. Determine whether there are any unpaid allowable expenses for that claims determination period; and
3. Pay any unpaid allowable expenses for that claim determination period.

The secondary plan shall use the covered person's recorded benefit reserve, if any, to pay up to 100 percent of total allowable expenses incurred during the claim determination period, at the end of which:

1. The benefit reserve shall return to zero; and
2. A new benefit reserve shall be created for each new claim determination period.

The benefits of the secondary plan shall be reduced when the sum of the benefits payable under the secondary plan, in the absence of this coordination of benefits provision, and the benefits that would be payable under the other plans, in the absence of a coordination of benefits provision, whether or not a claim is made, exceeds the allowable expenses in a claim determination period, with a reduction of benefits as follows:

1. The benefits of the secondary plan shall be reduced so that they and the benefits payable under the other plans do not total more than the allowable expenses; and
2. Each benefit is reduced in proportion and charged against any applicable benefit limit of the plan.

If a person is covered by more than one secondary plan, the order of benefit determination requirements of this administrative regulation decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of the primary plan or plans and the benefits of any other plan which, under the requirements of this administrative regulation, has its benefits determined before those of that secondary plan.

Notice to Covered Persons. A plan shall, in its explanation of benefits provided to covered persons, include the following language: "If you are covered by more than one (1) health benefit plan, you should file all your claims with each plan."

Miscellaneous Provisions. A secondary plan that provides benefits in the form of services may recover the reasonable cash value of the services from the primary plan, to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

A plan with order of benefit determination requirements that comply with this administrative regulation may coordinate its benefits with a plan that is "excess" or "always secondary" or that uses order of benefit determination requirements that do not comply with those contained in this administrative regulation on the following basis:

1. If the complying plan is the primary plan, it shall pay or provide its benefits first;
2. If the complying plan is the secondary plan, it shall pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the complying plan were the secondary plan. In that situation, the payment shall be the limit of the complying plan's liability; and
3. If the noncomplying plan does not provide the information needed by the complying plan to determine its benefits within a reasonable time after it is requested to do so, the complying plan shall assume that the benefits of the noncomplying plan are identical to its own, and shall pay its benefits accordingly. If, within two (2) years of payment, the complying plan receives information as to the actual benefits of the noncomplying plan, it shall adjust payments accordingly.

If the noncomplying plan reduces its benefits so that the covered person receives less in benefits than he would have received had the complying plan paid or provided its benefits as the secondary plan and the noncomplying plan paid or provided its benefits as the primary plan, and governing state law allows the right of subrogation set forth below, then the complying plan shall advance to or on behalf of the covered person an amount equal to the difference.

The complying plan shall not advance more than the complying plan would have paid had it been the primary plan less any amount it previously paid for the same expense or service, and:

1. In consideration of the advance, the complying plan shall be subrogated to all rights of the covered person against the noncomplying plan; and
2. The advance by the complying plan shall also be without prejudice to any claim it may have against a noncomplying plan in the absence of subrogation.

Coordination of benefits differs from subrogation. Provisions for one (1) may be included in health care benefits contracts without compelling the inclusion or exclusion of the other.

If the plans cannot agree on the order of benefits within thirty (30) calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been primary.

PART IX - CLAIM PROVISIONS

Notice of Claim: Written notice of claim must be given within 60 days after a covered loss begins (or longer, if required by state law) or as soon as is reasonably possible. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible. The notice must be given to the Administrator named on the Schedule of Benefits. Notice should include information that identifies the claimant and the Policy.

Claim Forms: When the Administrator or We receive notice of claim, forms for filing proof of loss will be sent to the claimant. If claim forms are not supplied within 15 days a claimant can give proof as follows:

1. In writing;
2. Setting forth the nature and extent of the loss; and
3. Within the time stated in the Proof of Loss provision.

If such forms are not furnished before the expiration of 15 days after the insurer receives notice of any claim under the Policy, the person making such claim shall be deemed to have complied with the requirements of the Policy as to proof of loss upon submitting, within the time fixed in the Policy for filing proof of loss, written proof covering the occurrence, character and extent of the loss for which claim is made.

Proof of Loss: Written proof of loss must be given to the Administrator named on the Schedule of Benefits within 90 days after the loss begins. We will not deny nor reduce any claim if it was not reasonably possible to give proof of loss in the time required. In any event, proof must be given to the Administrator within one year, or as otherwise specified by state law, after it is due unless the Insured is legally incapable of doing so.

Time of Payment of Claim: Benefits for loss covered by the Policy will be paid as soon as We receive proper written proof of such loss but not more than 30 days after receipt of proof of loss.

Payment of Claims: All benefits will be paid to the Insured, if living, unless an Assignment of Benefits has been requested by the Insured. Any other benefits due and unpaid at the Insured's death will be paid to the Insured's estate. If a benefit is to be paid to the Insured's estate, or to an Insured or beneficiary who is not competent to give a valid release, the Company may pay up to \$5,000 of such benefit to one of the Insured's relatives who is deemed by the Company to be justly entitled to it. Such payment, made in good faith, fully discharges the Company to the extent of the payment.

Physical Examination: At Our expense, We may have a person claiming benefits examined as often as reasonably necessary while the claim is pending and also the right and opportunity to make an autopsy in the case of death where it is not prohibited by law.

Third Party Liability: No benefits are payable to or for a Covered Person for any Sickness, Injury, or other condition for which a third party may be liable or legally responsible by reason of negligence, an intentional act or omission, or breach of any legal obligation on the part of such third party. Nevertheless, the Company may elect to advance the benefits of this Policy to or for a Covered Person. If the Company determines it will advance the benefits of this Policy, such advance(s) will be subject to the following:

1. The Covered Person agrees to advise Us, in writing, within 60 days of any Covered Person's claim against the third party and to take such action, provide such information and assistance, and execute such paper as We may require to facilitate enforcement of the claim. The Covered Person and Insured, if other than the Covered Person, also agree to take no action that may prejudice Our rights or interests under this Policy. Failure to provide notice of a claim or to cooperate with Us, or actions that prejudice Our rights or interests, will be material breach of this Policy and will result in the Covered Person and/or the Insured, if other than the Covered Person, being personally responsible for reimbursing Us.
2. We will automatically have a lien, to the extent of benefits advanced, upon any recovery that any Covered Person receives from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by Us under this Policy for the treatment of the Sickness or Injury for which the third party is liable.

PART X – GENERAL PROVISIONS

Entire Contract: The entire contract consists of the Policy, the Enrollment Form, Riders and any other documents requested and accepted by Us. No change in this Policy is valid unless approved by an officer of the Company. Such approval must be signed by Our officer and attached to this Policy. No broker, agent or producer can change or waive any provision of this Policy.

Amendments: Any change in this Policy will be made by amendment and approved by Us. Such amendment will not require the consent of any Covered Person. The effective time for any amendments shall be 12:01 A.M. Standard Time at the address of the Insured.

Time Limit on Certain Defenses: All material statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information that is fraudulent or material to the acceptance of the risk made on Your Enrollment Form or on any other materials on which We relied to issue, change or increase coverage will be considered a fraudulent misrepresentation or omission and may be the basis for later rescission of coverage. The validity of coverage issued under the Policy with respect to an Insured or his Dependents may not be contested after two years from the Policy Effective Date, except for fraudulent misstatements.

Legal Action: No action at law or in equity may be brought to recover on the Policy before 60 days after written proof of loss has been furnished as required by the Policy. No such action may be brought after three years (or the required statute of limitation by state law, if longer) from the time written proof of loss is required to be furnished.

Misstatement of Age: If the age of any Covered Person is incorrectly stated, We will make a fair adjustment of the premiums, benefits or both. The adjustment will be based on the premiums and benefits that would have been payable had We known the correct information.

Not in Lieu of Workers' Compensation: The Policy is not in lieu of and does not affect requirements for coverage under workers' compensation laws.

Pronouns: Whenever a personal pronoun in the masculine gender is used, it will be deemed to include the feminine also, unless the context clearly indicates to the contrary.

Conformity With Statutes: Any provision of this Policy which, on the Policy Effective Date, is in conflict with the statutes of the jurisdiction in which the Insured is located is hereby amended to conform to the minimum requirements of such statutes.

Clerical Error: Clerical errors that We or Our authorized Administrator make in Your Schedule of Benefits, the issuance of a Policy, or in record keeping will not afford You benefits or validate insurance for which You have not applied and paid the appropriate premium and been approved by Us. We have the right to offset or recover from You any overpayment of benefits made due to such errors.

Non-Waiver: If We or You fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of this Policy, that will not be considered a waiver of any rights under the Policy. A past failure to strictly enforce the Policy will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescission: A fraudulent or material misrepresentation in the Enrollment Form or other documents provided to Us may be the basis for later rescission of all coverage of all Covered Persons. Rescission voids all coverage as of the Policy Effective Date and means that no benefits will be paid to any person for any claim submitted. We will refund to You premiums paid after deduction for any claims We paid.

Medical Records: The Company shall have access to medical and treatment records of the Covered Persons to determine benefits, process claims, utilization review, quality assurance, or for any other purpose reasonably related to the Policy benefits. Each Covered Person shall complete and submit to the Company such additional consents, releases and other

documents as may be requested by the Company in order to determine or provide benefits under the Policy. The Company reserves the right to reject or suspend a claim based on lack of supporting medical information or records.

Change of Beneficiary: Unless the Insured makes an irrevocable designation of the beneficiary, the right to change of beneficiary is reserved to the Insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy.

Reinstatement: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the Company or by any agent duly authorized by the Company to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however, that if the Company or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the Company or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the Company has previously notified the Insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such Accidental Injury as may be sustained after the date of reinstatement and loss due to such Sickness as may begin more than ten (10) days after such date. In all other respects the insured and the Company shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions indorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement.

Kentucky Appeals Procedures: When you submit a claim and that claim is denied, we will provide a written statement containing the reasons for the Adverse Determination. You have the right to request a review of any Company decision or action pertaining to our contractual relationship and to appeal any adverse claim determination we've made.

DEFINITIONS

Internal Appeals: A Covered Person, the Covered Person's Authorized Representative, or a provider acting on behalf of the Covered Person, may initiate an internal appeal. An appeal is a request for review of an Adverse Determination or a Coverage Denial as defined below. An internal appeal may also be initiated if We fail to make a timely utilization review determination.

Adverse Determination means a determination by an insurer or its designee that the health care services furnished or proposed to be furnished to a Covered Person are:

1. Not medically necessary, as determined by the insurer, or its designee or experimental or investigational, as determined by the insurer, or its designee; and
2. Benefit coverage is therefore denied, reduced, or terminated.

Coverage Denial means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the Covered Person's health benefit plan.

Initiating an Appeal

A request for an internal appeal must be submitted within sixty (60) calendar days of receipt of a denial letter and include the initial denial letter, the number of claims in question, the date(s) of service, a summary of any previous communication You have had with Us regarding this denial, and any pertinent medical information.

Internal appeal of an Adverse Determination shall only be conducted by a licensed physician who did not participate in the initial review and denial. However, in the case of a review involving a medical or surgical specialty or subspecialty, a Covered Person, the Covered Person's Authorized Representative, or a provider may request a board eligible or certified Physician in the appropriate specialty or subspecialty area to conduct the internal appeal relating to an Adverse Determination.

Within thirty (30) days of receipt of the internal appeal request, We will send a written decision to the Covered Person or their authorized representative, and if applicable, the Covered Person's provider.

An expedited appeal is deemed necessary when the Covered Person is hospitalized, or in the opinion of the treating provider, a review under a standard timeframe could, in the absence of immediate medical attention; result in any of the following:

1. Placing the health of the Covered Person or, with respect to a pregnant woman, the health of the Covered Person or the unborn child in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of a bodily organ or part.

An expedited appeal may be requested orally and followed up by an abbreviated written request by a Covered Person, the Covered Person's Authorized Representative or a provider acting on behalf of a Covered Person. An internal appeal decision will be rendered not later than (three) 3 business days after the receipt of the request for an expedited internal appeal.

Any additional pertinent information may be submitted for consideration during the internal appeal process. If You or Your provider has new clinical information regarding Your appeal, You may provide it prior to the initiation of an External Review. We will then have five (5) business days from the date of receipt of the new information to render a decision based on the new information. Following that decision, You have sixty (60) calendar days to initiate an external review of an Adverse Determination.

If Our decision is to uphold a Coverage Denial, the Covered Person, the Covered Person's Authorized Representative, or a provider may contact the Kentucky Department of Insurance (DOI), Health and Life Division, P.O. Box 517, Frankfort, Kentucky 40602, and request a review of Our decision. The DOI will make a determination as to whether the service should or should not be covered. If the DOI determines the disputed service should be covered, they may direct Us to either cover the service or offer external review to resolve the issue.

External Review by an Independent Review Entity (IRE)

The Covered Person, the Covered Person's Authorized Representative, or a provider acting on behalf of and with the consent of the Covered Person may request an external review of an Adverse Determination if:

1. The internal appeal process outlined above was completed or jointly waived by You and Us or We failed to make a timely determination or notification;
2. The Covered Person was covered under this Certificate on the date of service or, if a prospective denial, the Covered Person was enrolled and eligible to receive covered benefits under this Certificate on the date the proposed service was requested; and
3. The entire course of treatment or service would cost the Covered Person at least one hundred dollars (\$100) if the Covered Person had no insurance.

The request for an external review must be sent to Us within sixty (60) calendar days of receiving Our written decision rendered under the internal appeal process. As part of the request, the Covered Person shall provide written consent authorizing the independent review entity to obtain all medical records from Us and any provider utilized for review purposes. All medical records involved in the external review process shall be deemed confidential.

The Covered Person will be responsible for a twenty-five dollar (\$25) filing fee to be paid to the IRE, which may be waived in case of financial hardship, or refunded if the IRE finds in favor of the Covered Person.

An external review of an "Adverse Determination" shall not be afforded if:

1. The subject of the Covered Person's adverse determination has previously gone through the external review process and the independent review entity found in favor of Us; and
2. No relevant new clinical information has been submitted to Us since the independent review entity found in favor of Us.

If a dispute arises between Us and a Covered Person regarding the right to an external review, the Covered Person may file a complaint with the DOI. The DOI shall render a decision within five (5) days of receipt of the complaint.

We will be responsible for the cost of the external review. We will assign external reviews to IREs on a rotating basis such that We do not utilize the same IRE for two consecutive reviews.

An expedited external review process is available if the Covered Person is hospitalized or, in the opinion of the treating provider, a review under a standard timeframe could, in the absence of immediate medical attention; result in any of the following:

1. Placing the health of the Covered Person or, with respect to a pregnant woman, the health of the Covered Person or her unborn child in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of a bodily organ or part.

An expedited external review may be requested orally and followed up by an abbreviated written request. In the case of an expedited external review, the IRE will make a decision within twenty-four (24) hours from receiving all of the information required from Us. An extension of up to twenty-four (24) hours may be allowed if the Covered Person and the Company agree.

The IRE will send a written decision to the Covered Person within twenty-one (21) calendar days of receiving the request for external review. An extension of up to fourteen (14) calendar days may be allowed if the Covered Person and the Company are in agreement.

The request for an internal appeal or an external review and any supporting documentation must be submitted to the following address: Appeals Coordinator, 651 Perimeter Drive, Suite 300, Lexington, Kentucky 40517.

CONSECUTIVE SHORT TERM MEDICAL INSURANCE PLAN AMENDMENT

This Amendment becomes a part of the Policy to which it is attached.

The provisions of this Amendment are effective on the same date as the Policy to which it is attached and will expire concurrently with the Policy, which You may cancel at any time. This Amendment is issued as a convenience for Covered Person(s) under the Initial and Subsequent Period(s) of Coverage, subject to the following:

- A. Any component of your Policy that accumulates per Coverage Period will begin to accumulate anew on the effective date of each Subsequent Coverage Period with us. This includes any applicable deductible amounts, coinsurance out-of-pocket maximum amounts, number of days limits, visit limits, and maximum dollar limits.
- B. The **NO CONTINUOUS COVERAGE** provision is removed and replaced with the following:

NO CONTINUOUS COVERAGE – This Policy provides coverage on a short term basis. It is not renewable. Although this short term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Policy to another. This means that a new Enrollment Form must be submitted, a new Policy Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Policy will be treated as a Pre-Existing Condition under the new Policy. This Policy will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Policy Termination Date at the Insured's residence.

The Company will waive the requirement for a new Enrollment Form for each Subsequent Coverage Period if the Policy for the Initial or Subsequent Coverage Period was issued with this Consecutive Short Term Medical Insurance Plan Amendment.

- C. The **Time Limit on Certain Defenses** provision is removed and replaced with the following:

All statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information made on Your Enrollment Form for the Initial Coverage Period or on any other materials on which We relied to issue, change or increase coverage will be considered a misrepresentation and may be the basis for later rescission of coverage. The validity of coverage issued under the Policy with respect to an Insured or Dependents may not be contested after two years from the Initial Policy Effective Date, except for fraud or nonpayment of premiums.

- D. Any Dependent who qualified and was added as an eligible Dependent under the Initial Coverage Period with Us must continue to meet the eligibility requirements set forth in the Policy for any Subsequent Coverage Period with Us.
- E. For each Subsequent Coverage Period, You will be issued a new Policy with this Consecutive Short Term Medical Insurance Plan Amendment, a new Policy Number and Your premium may change due to a change in age or a change in the Covered Persons or due to a premium trend adjustment approved by the state. Your premium deductions will continue uninterrupted from one Policy to the next unless You contact Us to cancel coverage.

GENERAL DEFINITIONS

“Initial Coverage Period” means a period of coverage that begins when a Covered Person first becomes insured by Us under a Short Term Medical Insurance Policy issued with the Consecutive Short Term Medical Insurance Plan Amendment.

“Subsequent Coverage Period(s)” means a period of coverage that begins when a Covered Person becomes insured by Us under a second or subsequent Short Term Medical Insurance Policy without a break in coverage between the Initial Coverage Period and Subsequent Coverage Period(s). The total number of consecutive months for Initial and Subsequent Coverage Periods shall not exceed 36 months.

Nothing contained in this Amendment will be held to vary, alter, waive or extend any of the terms, conditions, agreements or limitations of this or any Policy other than as stated above.
