SHORT TERM MEDICAL INSURANCE INDIVIDUAL POLICY

THIS POLICY IS ISSUED AND DELIVERED IN THE STATE OF LOUISIANA and shall be governed by its laws. This Policy is the contract between the Insured and Everest Reinsurance Company. This Policy contains the terms under which We agree to insure eligible persons and pay benefits, subject to the terms and conditions herein.

CONSIDERATION - This Policy is issued in consideration of the statements made in the Enrollment Form and payment of the initial premium. Coverage is not provided until the first full premium is paid. The first premium pays for the initial term of coverage. The initial term of coverage begins at 12:01 A.M., local time on the Policy Effective Date at the Insured's Residence. We will not cancel this Policy except for nonpayment of premium or fraud until sixty days after we have mailed written notice of such cancellation to You.

PREMIUMS - Premiums are due as stated in the section titled "Premiums".

THIS POLICY PROVIDES NON-RENEWABLE SHORT TERM INSURANCE

NO CONTINUOUS COVERAGE – This Policy provides coverage on a short term basis. It is not renewable. Although this short term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Policy to another. This means that a new Enrollment Form must be submitted, a new Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Policy will be treated as a Pre-Existing Condition under the new Policy. This Policy will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Policy Termination Date at the Insured's residence.

10 DAY RIGHT TO RETURN THE POLICY If for any reason the Insured is not satisfied with this Policy, the Insured may return it to Us within 10 days after the Insured receives it. We will refund any premium paid and the Policy will be deemed void, just as though it had not been issued.

Be sure to check your Policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your Policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage.

LIMITED BENEFITS, PLEASE READ CAREFULLY. No benefits are payable for Sicknesses which arise during the first 5 days following a Covered Person's Effective Date. No Benefits are payable for cancer which arises during the first 30 days following a Covered Person's Policy Effective Date. See **PART VII – EXCLUSIONS AND LIMITATIONS** for details.

NOTICE: YOUR SHARE OF THE PAYMENT FOR HEALTH CARE SERVICES MAY BE BASED ON THE AGREEMENT BETWEEN YOUR HEALTH PLAN AND YOUR PROVIDER. UNDER CERTAIN CIRCUMSTANCES, THIS AGREEMENT MAY ALLOW YOUR PROVIDER TO BILL YOU FOR AMOUNTS UP TO THE PROVIDER'S REGULAR BILLED CHARGES.

Emergency Medical Condition: A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: Placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy

61. Medical expenses which are payable under any automobile insurance policy without regard to fault (does not apply in any state where prohibited).

PART VIII – COORDINATION OF BENEFITS (COB)

Some people have health care coverage through more than one medical insurance plan at the same time. COB allows these plans to work together so the total amount of all benefits will never be more than 100 percent of the allowable expenses during any coverage year. This helps to hold down the costs of health coverage.

COB does not apply to life insurance or accidental death and dismemberment benefits. COB also does not apply to major medical insurance as coverage hereunder ceased for a Covered Person as of the date major medical insurance became effective.

The term "plan" applies separately to each policy, contract agreement or other arrangements for benefits or services. The term "plan" also applies separately to that part of any policy, contract, agreement or other arrangements for benefits or services that coordinates its benefits with other plans and to that part that does not.

When a plan provides benefits in the form of services rather than cash payment the reasonable cash value of each service rendered will be considered to be both: (1) an allowable expense; and (2) a benefit paid.

Definitions. "Plan" – means any of the following which provides benefits or services for medical expenses:

1. Individual or family insurance or subscriber contracts
2. Any group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice, or individual practice coverage.

3. Any federal, state or local governmental programs, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time.)

Each contract or other arrangement for coverage under the above paragraphs is a separate plan. Also, if an arrangement has two parts and COB rules apply to one of the two, each of the parts is construed to mean a separate Plan.

The term "plan" does not include:

1. Individual or family coverage through Health Maintenance Organizations (HMOs);
2. Individual or family coverage under other prepayment, group practice and individual practice plans;
3. School Accident-type coverages. (These contracts cover students for accidents only, including athletic injuries, either on a twenty-four hour basis or on a to-and-from school basis);
4. Policies with coverage limited to specified illnesses or accidents;
5. Medicare Supplement policies;
6. A state plan under Medicaid.

“Primary Plan (Primary)” – means the Plan which determines its benefits before those of the other Plan. When there are more than two (2) Plans, This Plan may be Primary as to one and Secondary as to another.

“Secondary Plan (Secondary)” – means the Plan which determines its benefits after those of the other Plan. When there are more than 2 Plans, This Plan may be Secondary as to one and Primary as to another.

Effect on Benefits. Plans use COB to decide which plan should pay first for a covered expense. If the Primary Plan’s payment is less than the charge for the allowable expense, then the Secondary Plan will apply its benefit payment to the balance.

The following rules will be used to establish the order of benefit determination:

1. A plan which does not have a COB provision will always be the Primary Plan.
2. The benefits of a plan which covers the person on whose expenses the claim is based as other than a dependent will be determined before the benefits of a plan which covers the person as a dependent. However, if the person is also a Medicare beneficiary, and if the rule established under the Social Security Act of 1965, as amended, makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. First, benefits of a plan covering persons as an employee, member, or subscriber.
 - b. Second, benefits of a plan of an active worker covering persons as a dependent.
 - c. Third, Medicare benefits.
3. The benefits of a plan that covers a person for whom a claim is made as a dependent child will be determined under the following rules:
 - a. When the parents are married: the benefits of a plan which covers the child as a dependent of the parent whose birthday anniversary occurs earlier in the calendar year will be determined before the benefits of a plan which covers the child as a dependent of the parent whose birthday anniversary occurs later in the calendar year.
 - b. If both parents have the same birthday the benefits of the plan that covered the parent longer are determined before those of the plan that covered the other parent for a shorter period of time.
 - c. If the plans do not agree on the order of benefit rules because the other plan does not have the rule described in this section, but has a rule based upon the gender of the parent, the rule in the other plan will determine the order of benefits.
 - d. When the parents are separated or divorced and the parent with custody has not remarried the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
 - e. When the parents are divorced and the parent who has custody of the child has remarried: (a) the benefits of a plan which covers the child as a dependent of the parent with custody will be determined before the benefits of a plan which covers the child as a dependent of the step-parent; and (b) the benefits of a plan that covers the child as a dependent of the step-parent will be determined before the benefits of a plan that covers the child as a dependent of the parent without custody.

- f. Despite (2) and (3) above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental or other health care expenses with respect to the child, the benefit payment of a plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefit payment of any other plan that covers the child as a dependent child.
4. The benefits of a plan that covers a person as a primary insured who is neither laid off nor retired, or as that primary insured's dependent, are determined before those of a plan that covers that person as a laid off or retired primary insured or as that primary insured's dependent. This rule will not apply if the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits.
5. If a person whose coverage is provided under a right of continuation pursuant to federal or state law is covered under another plan, the following will be the order of benefit determination:
 - a. First, the benefits of a plan covering the person as an employee, member, or subscriber (or as that person's dependent);
 - b. Second, the benefits under the continuation coverage. If the other plan does not have the rule described above and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
6. When rules (2) through (5) above do not establish an order of benefit determination the benefits of a plan which has covered the person on whose expenses the claim is based for the longer period of time will be determined before the benefits of a plan which has covered the person the shorter period of time.

Facility of Payment. If another plan makes a benefit payment that should have been made by us, We have the right to pay the other plan any amount We deem necessary to satisfy Our obligation under these COB rules.

Right of Recovery. If the amount of Our benefit payment is more than the amount needed to satisfy Our obligation under these COB rules, We have the right to recover the excess amount from: (A) any persons to or for whom, or with respect to whom, the payments were made; (B) any insurance companies; or (C) any other organizations.

Right to Receive and Release Necessary Information. In order to carry out these COB rules:

1. We have the right, without the consent of or notice to any person, to exchange information with any person, insurance company or organization, as we deem necessary; and
2. Any person claiming benefits under this plan must give Us any information necessary to carry out this provision.

PART IX - CLAIM PROVISIONS

Notice of Claim: Written notice of claim must be given within 31 days after a covered loss begins (or longer, if required by state law) or as soon as is reasonably possible. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible. The notice must be given to the Administrator named on the Schedule of Benefits. Notice should include information that identifies the claimant and the Policy.

Claim Forms: When the Administrator or We receive notice of claim, forms for filing proof of loss will be sent to the claimant. If claim forms are not supplied within 15 days a claimant can give proof as follows:

1. In writing;
2. Setting forth the nature and extent of the loss; and
3. Within the time stated in the Proof of Loss provision.

If such forms are not furnished before the expiration of 15 days after the insurer receives notice of any claim under the Policy, the person making such claim shall be deemed to have complied with the requirements of the Policy as to proof of loss upon submitting, within the time fixed in the Policy for filing proof of loss, written proof covering the occurrence, character and extent of the loss for which claim is made. All claims shall be processed in conformity with the uniform claim form issued by the Department of Insurance.

Proof of Loss: Written proof of loss must be given to the Administrator named on the Schedule of Benefits within 90 days after the loss begins. We will not deny nor reduce any claim if it was not reasonably possible to give proof of loss in

the time required. In any event, proof must be given to the Administrator within one year, or as otherwise specified by state law, after it is due unless the Insured is legally incapable of doing so.

Time of Payment of Claim: Benefits for loss covered by the Policy will be paid as soon as We receive proper written proof of such loss but not more than 30 days after receipt of proof of loss.

Payment of Claims: All benefits will be paid to the Insured, if living, unless an Assignment of Benefits has been requested by the Insured. Any other benefits due and unpaid at the Insured's death will be paid to the Insured's estate. If a benefit is to be paid to the Insured's estate, or to an Insured or beneficiary who is not competent to give a valid release, the Company may pay up to \$5,000 of such benefit to one of the Insured's relatives who is deemed by the Company to be justly entitled to it. Such payment, made in good faith, fully discharges the Company to the extent of the payment.

Physical Examination: At Our expense, We may have a person claiming benefits examined as often as reasonably necessary while the claim is pending and also the right and opportunity to make an autopsy in the case of death where it is not prohibited by law.

Third Party Liability: No benefits are payable to or for a Covered Person for any Sickness, Injury, or other condition for which a third party may be liable or legally responsible by reason of negligence, an intentional act or omission, or breach of any legal obligation on the part of such third party. Nevertheless, the Company may elect to advance the benefits of this Policy to or for a Covered Person. If the Company determines it will advance the benefits of this Policy, such advance(s) will be subject to the following:

1. The Covered Person agrees to advise Us, in writing, within 60 days of any Covered Person's claim against the third party and to take such action, provide such information and assistance, and execute such paper as We may require to facilitate enforcement of the claim. The Covered Person and Insured, if other than the Covered Person, also agree to take no action that may prejudice Our rights or interests under this Policy. Failure to provide notice of a claim or to cooperate with Us, or actions that prejudice Our rights or interests, will be material breach of this Policy and will result in the Covered Person and/or the Insured, if other than the Covered Person, being personally responsible for reimbursing Us.
2. We will automatically have a lien, to the extent of benefits advanced, upon any recovery that any Covered Person receives from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by Us under this Policy for the treatment of the Sickness or Injury for which the third party is liable.

PART X – GENERAL PROVISIONS

Entire Contract: The entire contract consists of the Policy, the Enrollment Form, Riders and any other documents requested and accepted by Us. No change in this Policy is valid unless approved by an officer of the Company. Such approval must be signed by Our officer and attached to this Policy. No broker, agent or producer can change or waive any provision of this Policy.

Amendments: Any change in this Policy will be made by amendment and approved by Us. Such amendment will not require the consent of any Covered Person. The effective time for any amendments shall be 12:01 A.M. Standard Time at the address of the Insured.

Time Limit on Certain Defenses: All statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information made on Your Enrollment Form or on any other materials on which We relied to issue, change or increase coverage will be considered a misrepresentation and may be the basis for later rescission of coverage. The validity of coverage issued under the Policy with respect to an Insured or his Dependents may not be contested after three years from the Policy Effective Date, except for fraud or nonpayment of premiums.

Conditions Precedent to Legal Action: Litigation is an expensive and time-consuming way to resolve disagreements we may have related to the coverage, benefits and premiums under this Policy and should be the last resort in dispute resolution. In order to provide an opportunity to resolve such dispute without the need for litigation, You must give Us at

least thirty (30) days written notice of Your intent to sue Us as a condition precedent to bringing any action at law or in equity. Such notice must, at a minimum, (1) identify the coverage, benefits or premiums or other aspects of the Policy over which We have a disagreement; (2) identify the specific Policy provision(s) at issue; and (3) include all relevant facts and information that support Your position.

Unless prohibited by law, You agree to waive an action for statutory or common law extra-contractual or punitive damages that You may have if the disputed claims are paid, or the issues giving rise to the disagreement are resolved or corrected within thirty (30) days after We received Your written notice of intention to sue.

Legal Action: No action at law or in equity may be brought to recover on the Policy before 90 days after written proof of loss has been furnished as required by the Policy. No such action may be brought after one year (or the required statute of limitation by state law, if longer) from the time written proof of loss is required to be furnished.

No action at law or in equity may be brought against Us under the Policy for any reason unless You first complete all steps in any complaint/grievance procedures made available by Your state to resolve disputes under this Policy. After completing the complaint/grievance process, if You choose to bring action at law or in equity against Us relating to that dispute, You must do so within one year (or the required statute of limitation by state law, if longer) of the date We notify You of the final decision on Your complaint/grievance.

Misstatement of Age: If the age of any Covered Person is incorrectly stated, We will make a fair adjustment of the premiums, benefits or both. The adjustment will be based on the premiums and benefits that would have been payable had We known the correct information.

Not in Lieu of Workers' Compensation: The Policy is not in lieu of and does not affect requirements for coverage under workers' compensation laws.

Pronouns: Whenever a personal pronoun in the masculine gender is used, it will be deemed to include the feminine also, unless the context clearly indicates to the contrary.

Conformity With Statutes: Any provision of this Policy which, on the Policy Effective Date, is in conflict with the statutes of the jurisdiction in which the Insured is located is hereby amended to conform to the minimum requirements of such statutes.

Clerical Error: Clerical errors that We or Our authorized Administrator make in Your Schedule of Benefits, the issuance of a Policy, or in record keeping will not afford You benefits or validate insurance for which You have not applied and paid the appropriate premium and been approved by Us. We have the right to offset or recover from You any overpayment of benefits made due to such errors.

Non-Waiver: If We or You fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of this Policy, that will not be considered a waiver of any rights under the Policy. A past failure to strictly enforce the Policy will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescission: A misrepresentation or omission in the Enrollment Form or other documents provided to Us may be the basis for later rescission of all coverage of all Covered Persons. Rescission voids all coverage as of the Policy Effective Date and means that no benefits will be paid to any person for any claim submitted. We will refund to You premiums paid after deduction for any claims We paid.

Medical Records: The Company shall have access to medical and treatment records of the Covered Persons to determine benefits, process claims, utilization review, quality assurance, or for any other purpose reasonably related to the Policy benefits. Each Covered Person shall complete and submit to the Company such additional consents, releases and other documents as may be requested by the Company in order to determine or provide benefits under the Policy. The Company reserves the right to reject or suspend a claim based on lack of supporting medical information or records.

Reinstatement: If the renewal premium is not paid before the Grace Period ends, coverage under this Policy will lapse. The Policy may be reinstated during the 30 days following the premium due date. If it is lapsed for nonpayment of premium, if You submit written application to the Company, the Company accepts the application and You make payment of all overdue premiums. The reinstated policy shall cover only loss resulting from such Accidental Injury as may be sustained

after the date of reinstatement and loss due to such Sickness as may begin more than 10 days after such date. In all other respects the Covered Person and the Company shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement.

Appeals Procedures: Any reference to “you”, “your”, or “Covered Person” also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

The company has a two-step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing within (60) sixty days of receipt of a denial notice or adverse determination. We will acknowledge receipt of your appeal or grievance within (72) seventy-two hours. You should state the reason why you feel your appeal or grievance should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone or online. Call our toll-free number, write to us at the address below, or go to the website where you can complete an appeal and forward it to us.

LEVEL ONE APPEAL

If you are not satisfied with an administrative, eligibility, rescission of coverage, denial or reduction of benefit or if a health care determination for pre-service, or current care coverage determination decision. You or your appointed representative has the right to file an appeal or a grievance within (90) ninety days.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity, clinical appropriateness, or experimental and investigational will be considered by a health care professional.

For Level One Appeals, we will respond in writing with a decision within (15) fifteen calendar days after we receive an appeal for a required pre-service or concurrent care coverage determination (decision). We will respond within (30) thirty calendar days after we receive an appeal for a post service coverage determination. If more time or information is needed to make the determination, we will notify you in writing or electronically to request an extension of up to (15) fifteen calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health, ability to regain maximum function or in the opinion of your Doctor would cause you severe pain which cannot be managed without the requested services; (2) or your appeal involves non-authorization of an admission or continuing inpatient stay. Our medical review agent, in consultation with the treating Doctor, will decide if an expedited review is necessary. When an appeal is expedited, we will respond within (72) seventy-two hours, followed up in writing.

LEVEL TWO APPEAL

If you are dissatisfied with our level one appeal decision, you may request a second review. To start a Level Two Appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by the appeals committee, which consists of at least three people. Anyone involved in the prior decisions may not vote on the committee. For appeals of adverse determinations involving Medical Necessity, clinical appropriateness, or being experimental or investigational, the Committee will consult with at least one Doctor reviewer in the same or similar specialty as the care under consideration, as determined by our medical review agent. You may present your situation to the Committee in person or by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required pre service and concurrent care coverage determinations, the Committee review will be completed within (15) fifteen calendar days. For post service claims, the Committee review will be completed within (30) thirty calendar days. If

more time or information is needed to make the determination, we will notify you in writing to request an extension of up to (15) fifteen calendar days and to specify any additional time needed by the committee to complete the review. You will be notified in writing of the decision within five working days of the meeting, and within the Committee review time frames.

You may request that the 2nd level appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health, ability to regain maximum function or in the opinion of your Doctor would cause you severe pain which cannot be managed without the requested services; (2) or your appeal involves non-authorization of an admission or continuing inpatient stay. Our Medical Review Agent, in consultation with the treating Doctor, will decide if an expedited review is necessary. When an appeal is expedited, we will respond within (72) seventy-two hours, followed up in writing. If we do not meet the required timeline days for your appeal at any level, you may request that we jump to the independent review level.

INDEPENDENT REVIEW PROCEDURE

If you are not satisfied with the final adverse benefit determination decision of the level 2 appeal review regarding your Medical Necessity, clinical appropriateness, or experimental or investigational issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by us or our administrator or any of our affiliates. A decision to use this external level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. The Company will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the adverse determination must be based on a Medical Necessity or clinical appropriateness determination or because it is considered to be experimental or investigational by our medical review agent. You must have received a response to your Level 2 appeal within the appropriate timeframe. Administrative, eligibility, or benefit coverage reductions or exclusions are not eligible for appeal under this process.

To request a review, you must notify the appeals coordinator within 120 days of your receipt of The Company's final adverse benefit determination. The Company will then forward the file to the Independent Review Organization or follow the state requirements for application for external independent review.

The Independent Review Organization will render an opinion within (30) thirty days, when requested and when a delay would be detrimental to your condition, as determined by your Doctor and the external review agent, the review shall be completed within (72) seventy-two hours.

We must provide You with certain written information, including the specific reason for Our decision and a description of Your appeal rights and procedures every time We make a determination to deny, reduce or terminate the provision of or payment for health care services requested or received under the Certificate.

You may request and we must provide you with any additional information or material that we used to make our decision.

CONSECUTIVE SHORT TERM MEDICAL INSURANCE PLAN AMENDMENT

This Amendment becomes a part of the Policy to which it is attached.

The provisions of this Amendment are effective on the same date as the Policy to which it is attached and will expire concurrently with the Policy, which You may cancel at any time. This Amendment is issued as a convenience for Covered Person(s) under the Initial and Subsequent Period(s) of Coverage, subject to the following:

- A. Any component of your Policy that accumulates per Coverage Period will begin to accumulate anew on the effective date of each Subsequent Coverage Period with us. This includes any applicable deductible amounts, coinsurance out-of-pocket maximum amounts, number of days limits, visit limits, and maximum dollar limits.
- B. The **NO CONTINUOUS COVERAGE** provision is removed and replaced with the following:

NO CONTINUOUS COVERAGE – This Policy provides coverage on a short term basis. It is not renewable. Although this short term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Policy to another. This means that a new Enrollment Form must be submitted, a new Policy Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Policy will be treated as a Pre-Existing Condition under the new Policy. This Policy will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Policy Termination Date at the Insured's residence.

The Company will waive the requirement for a new Enrollment Form for each Subsequent Coverage Period if the Policy for the Initial or Subsequent Coverage Period was issued with this Consecutive Short Term Medical Insurance Plan Amendment.

- C. The **Time Limit on Certain Defenses** provision is removed and replaced with the following:

All statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information made on Your Enrollment Form for the Initial Coverage Period or on any other materials on which We relied to issue, change or increase coverage will be considered a misrepresentation and may be the basis for later rescission of coverage. The validity of coverage issued under the Policy with respect to an Insured or Dependents may not be contested after three years from the Initial Policy Effective Date, except for fraud or nonpayment of premiums.

- D. Any Dependent who qualified and was added as an eligible Dependent under the Initial Coverage Period with Us must continue to meet the eligibility requirements set forth in the Policy for any Subsequent Coverage Period with Us.
- E. For each Subsequent Coverage Period, You will be issued a new Policy with this Consecutive Short Term Medical Insurance Plan Amendment, a new Policy Number and Your premium may change due to a change in age or a change in the Covered Persons or due to a premium trend adjustment approved by the state. Your premium deductions will continue uninterrupted from one Policy to the next unless You contact Us to cancel coverage.

GENERAL DEFINITIONS

“Initial Coverage Period” means a period of coverage that begins when a Covered Person first becomes insured by Us under a Short Term Medical Insurance Policy issued with the Consecutive Short Term Medical Insurance Plan Amendment.

“Subsequent Coverage Period(s)” means a period of coverage that begins when a Covered Person becomes insured by Us under a second or subsequent Short Term Medical Insurance Policy without a break in coverage between the Initial Coverage Period and Subsequent Coverage Period(s). The total number of consecutive months for Initial and Subsequent Coverage Periods shall not exceed 36 months.

Nothing contained in this Amendment will be held to vary, alter, waive or extend any of the terms, conditions, agreements or limitations of this or any Policy other than as stated above.
