SHORT TERM MEDICAL INSURANCE CERTIFICATE OF COVERAGE – NEBRASKA

This Certificate is evidence of insurance provided under, and forms part of, the Group Policy, which We will refer to as "the Policy." All benefits are paid according to the terms of the Policy. This Certificate describes the essential features of the insurance coverage. The Policy is on file with the Group Policyholder and may be examined at any reasonable time. The Policy and this Certificate may be changed or cancelled as stated in the Policy. Such action may be taken without the consent of or notice to any Covered Person. Only an authorized officer of the Company can approve a change. The approval must be in writing and endorsed on or attached to the Policy. No other person, including an agent, may change the Policy or Certificate or waive any of its provisions. The Group Policy was issued in Delaware.

CONSIDERATION – This Certificate is issued in consideration of the statements made in the Enrollment Form and payment of the initial premium. Coverage is not provided until the first full premium is paid. The first premium pays for the initial term of coverage. The initial term of coverage begins at 12:01 A.M., local time on the Certificate Effective Date at the Insured's Residence.

PREMIUMS – Premiums may be changed and are due as stated in the section titled "Premiums".

NONRENEWABLE CERTIFICATE – NO CONTINUOUS COVERAGE – This Certificate provides coverage on a short term basis. It is not renewable. Although this short-term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Certificate to another. This means that a new Enrollment Form must be submitted, a new Certificate Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Certificate will be treated as a Pre-Existing Condition under the new Certificate. This Certificate will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Certificate Termination Date at the Insured's residence.

10 DAY RIGHT TO EXAMINE CERTIFICATE. Within 10 days after the Insured receives the Certificate, or notice electronically that the Certificate is available, it may be returned in person or by regular mail to the Company, its agency office or the agent who sold it to the Insured for any reason. The Company will return the premium to the payee. Then the Insured and the Company will be in the same position as if a Certificate had never been issued. **LIMITED BENEFITS, PLEASE READ CAREFULLY.**

INTERNAL/EXTERNAL REVIEW. This Certificate is subject to internal and external review pursuant to Health Carrier Grievance Procedure Act, Neb. Rev. Stat. § 44-7301 et. seq. and the Health Carrier External Review Act, Neb. Rev. Stat. § 44-1301 et. seq.

PART VIII – COORDINATION OF BENEFITS (COB)

Some people have health care coverage through more than one medical insurance plan at the same time. COB allows these plans to work together so the total amount of all benefits will never be more than 100 percent of the allowable expenses during any coverage year. This helps to hold down the costs of health coverage.

COB does not apply to life insurance or accidental death and dismemberment benefits. COB also does not apply to major medical insurance as coverage hereunder ceased for a Covered Person as of the date major medical insurance became effective.

The term “plan” applies separately to each policy, contract agreement or other arrangements for benefits or services. The term “plan” also applies separately to that part of any policy, contract, agreement or other arrangements for benefits or services that coordinates its benefits with other plans and to that part that does not.

When a plan provides benefits in the form of services rather than cash payment the reasonable cash value of each service rendered will be considered to be both: (1) an allowable expense; and (2) a benefit paid.

Definitions. “Plan” – means any of the following which provides benefits or services for medical expenses:

1. Any group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, or group practice coverage.
2. Any federal, state or local governmental programs, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time.)

Each contract or other arrangement for coverage under the above paragraphs is a separate plan. Also, if an arrangement has two parts and COB rules apply to one of the two, each of the parts is construed to mean a separate Plan.

The term “plan” does not include:

1. Individual or family insurance or subscriber contracts;
2. Individual or family coverage through Health Maintenance Organizations (HMOs);
3. Individual or family coverage under other prepayment, group practice and individual practice plans;
4. School Accident-type coverages. (These contracts cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a to-and-from school basis);
5. Group or group-type hospital indemnity benefits of \$100 per day or less;
6. Medicare Supplement policies;
7. A state plan under Medicaid.

“Primary Plan (Primary)” – means the Plan which determines its benefits before those of the other Plan. When there are more than two (2) Plans, This Plan may be Primary as to one and Secondary as to another.

“Secondary Plan (Secondary)” – means the Plan which determines its benefits after those of the other Plan. When there are more than 2 Plans, This Plan may be Secondary as to one and Primary as to another.

“This Plan” – means the benefits provided under this group Policy.

Effect on Benefits. Plans use COB to decide which plan should pay first for a covered expense. If the Primary Plan’s payment is less than the charge for the allowable expense, then the Secondary Plan will apply its benefit payment to the balance.

The following rules will be used to establish the order of benefit determination:

1. A plan which does not have a COB provision will always be the Primary Plan.
2. The benefits of a plan which covers the person on whose expenses the claim is based as other than a dependent will be determined before the benefits of a plan which covers the person as a dependent. However, if the person is also a Medicare beneficiary, and if the rule established under the Social Security Act of 1965, as amended, makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
 - a. First, benefits of a plan covering persons as an employee, member, or subscriber.
 - b. Second, benefits of a plan of an active worker covering persons as a dependent.
 - c. Third, Medicare benefits.
3. The benefits of a plan that covers a person for whom a claim is made as a dependent child will be determined under the following rules:
 - a. When the parents are married: the benefits of a plan which covers the child as a dependent of the parent whose birthday anniversary occurs earlier in the calendar year will be determined before the benefits of a plan which covers the child as a dependent of the parent whose birthday anniversary occurs later in the calendar year.

- b. If both parents have the same birthday the benefits of the plan that covered the parent longer are determined before those of the plan that covered the other parent for a shorter period of time.
 - c. If the plans do not agree on the order of benefit rules because the other plan does not have the rule described in this section, but has a rule based upon the gender of the parent, the rule in the other plan will determine the order of benefits.
 - d. When the parents are separated or divorced and the parent with custody has not remarried the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
 - e. When the parents are divorced and the parent who has custody of the child has remarried: (a) the benefits of a plan which covers the child as a dependent of the parent with custody will be determined before the benefits of a plan which covers the child as a dependent of the step-parent; and (b) the benefits of a plan that covers the child as a dependent of the step-parent will be determined before the benefits of a plan that covers the child as a dependent of the parent without custody.
 - f. Despite (2) and (3) above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental or other health care expenses with respect to the child, the benefit payment of a plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefit payment of any other plan that covers the child as a dependent child.
4. The benefits of a plan that covers a person as a primary insured who is neither laid off nor retired, or as that primary insured's dependent, are determined before those of a plan that covers that person as a laid off or retired primary insured or as that primary insured's dependent. This rule will not apply if the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits.
 5. If a person whose coverage is provided under a right of continuation pursuant to federal or state law is covered under another plan, the following will be the order of benefit determination:
 - a. First, the benefits of a plan covering the person as an employee, member, or subscriber (or as that person's dependent);
 - b. Second, the benefits under the continuation coverage. If the other plan does not have the rule described above and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
 6. When rules (2) through (5) above do not establish an order of benefit determination the benefits of a plan which has covered the person on whose expenses the claim is based for the longer period of time will be determined before the benefits of a plan which has covered the person the shorter period of time.

Facility of Payment. If another plan makes a benefit payment that should have been made by us, We have the right to pay the other plan any amount We deem necessary to satisfy Our obligation under these COB rules.

Right of Recovery. If the amount of Our benefit payment is more than the amount needed to satisfy Our obligation under these COB rules, We have the right to recover the excess amount from: (A) any persons to or for whom, or with respect to whom, the payments were made; (B) any insurance companies; or (C) any other organizations.

Right to Receive and Release Necessary Information. In order to carry out these COB rules:

1. We have the right, without the consent of or notice to any person, to exchange information with any person, insurance company or organization, as we deem necessary; and
2. Any person claiming benefits under this plan must give Us any information necessary to carry out this provision.

PART IX – CLAIM PROVISIONS

Notice of Claim: Written notice of claim must be given within 31 days after a covered loss begins (or longer, if required by state law) or as soon as is reasonably possible. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible. The notice must be given to the Administrator named on the Schedule of Benefits. Notice should include information that identifies the claimant and the Policy.

Claim Forms: When the Administrator or We receive notice of claim, forms for filing proof of loss will be sent to the claimant. If claim forms are not supplied within 15 days a claimant can give proof as follows:

1. In writing;
2. Setting forth the nature and extent of the loss; and
3. Within the time stated in the Proof of Loss provision.

(If the Insured resides in Georgia, the reference to 15 days is changed to 10 working days.) If such forms are not furnished before the expiration of 15 days after the insurer receives notice of any claim under the Policy, the person making such claim shall be deemed to have complied with the requirements of the Policy as to proof of loss upon submitting, within the time fixed in the Policy for filing proof of loss, written proof covering the occurrence, character and extent of the loss for which claim is made.

Proof of Loss: Written proof of loss must be given to the Administrator named on the Schedule of Benefits within 90 days after the loss begins. We will not deny nor reduce any claim if it was not reasonably possible to give proof of loss in the time required. In any event, proof must be given to the Administrator within one year, or as otherwise specified by state law, after it is due unless the Insured is legally incapable of doing so.

Time of Payment of Claim: Benefits for loss covered by the Policy will be paid immediately upon receipt of proper written proof of such loss.

Payment of Claims: All benefits will be paid to the Insured, if living, unless an Assignment of Benefits has been requested by the Insured. Any other benefits due and unpaid at the Insured's death will be paid to the Insured's estate. If a benefit is to be paid to the Insured's estate, or to an Insured or beneficiary who is not competent to give a valid release, the Company may pay up to \$5,000 of such benefit to one of the Insured's relatives who is deemed by the Company to be justly entitled to it. Such payment, made in good faith, fully discharges the Company to the extent of the payment.

Physical Examination: At Our expense, We may have a person claiming benefits examined as often as reasonably necessary while the claim is pending and also the right and opportunity to make an autopsy in the case of death where it is not prohibited by law.

Third Party Liability: No benefits are payable to or for a Covered Person for any Sickness, Injury, or other condition for which a third party may be liable or legally responsible by reason of negligence, an intentional act or omission, or breach of any legal obligation on the part of such third party. Nevertheless, the Company may elect to advance the benefits of this Policy to or for a Covered Person. If the Company determines it will advance the benefits of this Policy, such advance(s) will be subject to the following:

1. The Covered Person agrees to advise Us, in writing, within 60 days of any Covered Person's claim against the third party and to take such action, provide such information and assistance, and execute such paper as We may require to facilitate enforcement of the claim. The Covered Person and Insured, if other than the Covered Person, also agree to take no action that may prejudice Our rights or interests under this Policy. Failure to provide notice of a claim or to cooperate with Us, or actions that prejudice Our rights or interests, will be material breach of this Policy and will result in the Covered Person and/or the Insured, if other than the Covered Person, being personally responsible for reimbursing Us.
2. We will automatically have a lien, to the extent of benefits advanced, upon any recovery that any Covered Person receives from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by Us under this Policy for the treatment of the Sickness or Injury for which the third party is liable.

PART X – GENERAL PROVISIONS

Time Limit on Certain Defenses: All statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information made on Your Enrollment Form or on any other materials on which We relied to issue, change or increase coverage will be considered

a misrepresentation and may be the basis for later rescission of coverage. The validity of coverage issued under the Policy with respect to an Insured or his Dependents may not be contested after two years from the Certificate Effective Date, except for fraud or nonpayment of premiums.

Change of Beneficiary: Unless the Insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the Insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of the policy, to any change of beneficiary or beneficiaries, or to any other changes in the policy.

Complaint/Grievance: You or someone acting on Your behalf may appeal any coverage or claim determination made by Us to deny, reduce, or terminate the provision or payment for Eligible Expenses under Your Certificate.

You have one year after the receipt of the adverse decision to request an appeal. Include in Your request any additional medical information that You feel is pertinent to Your case. We will send You written acknowledgement of Your request.

The appeal will be completed and a written notification of Our decision will be sent to You within 15 working days of initiation of the appeal process.

Internal appeal of an adverse determination will be conducted by individuals that were not involved in the original determination. If the appeal involves a medical judgment, We will consult with appropriate medical personnel necessary to make the determination.

If you have not yet received the services you are appealing:

For pre-service appeals will be completed within 15 calendar days of receipt of the appeal request. "Pre-service" means any claim for a benefit under a group health plan with respect to which the terms of the plan condition receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

Our internal appeals process will be exhausted upon completion of the pre-service appeal or the Appeal decision.

Urgent Care: You and Your Doctor have a right to request an expedited review verbally or by fax if, in the judgment of Your treating Doctor, Your health could be harmed if standard timeframes are followed. Submit requests for expedited review to: Claims@InsuranceTPA.com, Appeals Department .

Expedited appeal determinations will be rendered within seventy-two (72) hours of receipt of the request. If additional information is necessary for Us to conduct the review, we will contact you within 24 hours of the request and specify the information which is necessary to complete the review. You will have 48 hours to provide the required information. A determination will be made within 48 hours of receiving the information or the expiration of the time afforded for You to provide the information to Us, whichever is earlier.

If Your request for an expedited review is to extend the course of treatment beyond the approved time or number of treatments, Your request must be received 24 hours prior to the expiration of the approved course of treatment. We will make our determination and You will be notified within 24 hours of Your request.

Request can be submitted by telephone, in writing, or via fax to:

within 4 months from the date You received notice of the adverse determination through Our internal appeal process.

For standard external reviews, a decision will be made within 45 days of receiving your request. Except when a Covered Person's life or health would be seriously jeopardized, You must first exhaust Our internal appeal process before we will grant Your request for an external independent review. Appeals must be submitted in accordance with Our appeal policy and required timeframes, as set forth in Your Certificate. If the Covered Person's life or health would be seriously jeopardized due to a delay, and our denial to provide or pay for health care services or course of treatment is based on a determination that the service or treatment is experimental or investigational, you may be entitled to file a request for expedited external review of our denial, upon certification by the Covered Person's treating physician. The Covered Person may not have to complete the internal appeals process to request an expedited external review.

Conditions Precedent to Legal Action: Litigation is an expensive and time-consuming way to resolve disagreements we may have related to the coverage, benefits and premiums under this Policy and should be the last resort in dispute resolution. In order to provide an opportunity to resolve such dispute without the need for litigation, You must give Us at least thirty (30) days written notice of Your intent to sue Us as a condition precedent to bringing any action at law or in equity. Such notice must, at a minimum, (1) identify the coverage, benefits or premiums or other aspects of the Policy over which We have a disagreement; (2) identify the specific Policy provision(s) at issue; and (3) include all relevant facts and information that support Your position.

Unless prohibited by law, You agree to waive an action for statutory or common law extra-contractual or punitive damages that You may have if the disputed claims are paid, or the issues giving rise to the disagreement are resolved or corrected within thirty (30) days after We received Your written notice of intention to sue.

Legal Action: No action at law or in equity may be brought to recover on the Policy before 60 days after written proof of loss has been furnished as required by the Policy. No such action may be brought after three years from the time written proof of loss is required to be furnished.

The Company recommends that You first complete all steps in any complaint/grievance procedures made available by Your state to resolve disputes under this Policy before bringing suit against the Company. After completing the complaint/grievance process, if You choose to bring action at law or in equity against Us relating to that dispute, You must do so within three years of the date We notify You of the final decision on Your complaint/grievance.

Misstatement of Age: If the age of any Covered Person is incorrectly stated, We will make a fair adjustment of the premiums, benefits or both. The adjustment will be based on the premiums and benefits that would have been payable had We known the correct information.

Not in Lieu of Workers' Compensation: The Policy is not in lieu of and does not affect requirements for coverage under workers' compensation laws.

Pronouns: Whenever a personal pronoun in the masculine gender is used, it will be deemed to include the feminine also, unless the context clearly indicates to the contrary.

Conformity With State and Federal Law: Any provision of this Certificate which, on its Effective Date, is in conflict with the laws of the federal government or the state in which the Insured resides on such date is hereby amended to conform to the minimum requirements of such law.

Clerical Error: Clerical errors that We or Our authorized Administrator make in Your Schedule of Benefits, the issuance of a Policy, or in record keeping will not afford You benefits or validate insurance for which You have not applied and paid the

appropriate premium and been approved by Us. We have the right to offset or recover from You any overpayment of benefits made due to such errors.

Non-Waiver: If We or You fail to enforce or to insist on strict compliance with any of the terms, conditions, limitations or exclusions of this Policy, that will not be considered a waiver of any rights under the Policy. A past failure to strictly enforce the Policy will not be a waiver of any rights in the future, even in the same situation or set of facts.

Rescission: A misrepresentation or omission in the Enrollment Form or other documents provided to Us may be the basis for later rescission of all coverage of all Covered Persons. Rescission voids all coverage as of the Certificate Effective Date and means that no benefits will be paid to any person for any claim submitted. We will refund to You premiums paid after deduction for any claims We paid.

Medical Records: The Company shall have access to medical and treatment records of the Covered Persons to determine benefits, process claims, utilization review, quality assurance, or for any other purpose reasonably related to the Policy benefits. Each Covered Person shall complete and submit to the Company such additional consents, releases and other documents as may be requested by the Company in order to determine or provide benefits under the Policy. The Company reserves the right to reject or suspend a claim based on lack of supporting medical information or records.

CONSECUTIVE SHORT TERM MEDICAL INSURANCE PLAN AMENDMENT

This Amendment is attached to and made a part of Certificate to which it is attached.

The provisions of this Amendment are effective on the same date as the Certificate to which it is attached and will expire concurrently with the Certificate, which You may cancel at any time. This Amendment is issued as a convenience for Covered Person(s) under the Initial and Subsequent Period(s) of Coverage, subject to the following:

- A. Any component of your Certificate that accumulates per Coverage Period will begin to accumulate anew on the effective date of each Subsequent Coverage Period with us. This includes any applicable deductible amounts, coinsurance out-of-pocket maximum amounts, number of days limits, visit limits, and maximum dollar limits.
- B. The **NO CONTINUOUS COVERAGE** provision is removed and replaced with the following:

NO CONTINUOUS COVERAGE – This Certificate provides coverage on a short term basis. It is not renewable. Although this short term plan may be rewritten for new and completely separate Coverage Periods (as long as You meet eligibility criteria), coverage does not continue from one Certificate to another. This means that a new Enrollment Form must be submitted, a new Certificate Effective Date is given, and a new Pre-Existing Condition exclusion period begins. Any medical condition which may have occurred and/or existed under a prior Certificate will be treated as a Pre-Existing Condition under the new Certificate. This Certificate will terminate on the earlier of the expiration of the Grace Period, if a monthly premium is due and unpaid, or 12:00 A.M., local time on the Certificate Termination Date at the Insured's residence.

The Company will waive the requirement for a new Enrollment Form for each Subsequent Coverage Period if the Certificate for the Initial or Subsequent Coverage Period was issued with this Consecutive Short Term Medical Insurance Plan Amendment.

- C. The **Time Limit on Certain Defenses** provision is removed and replaced with the following:

All statements made by You or Your Dependents shall be deemed representations and not warranties, and no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the Covered Person, to the individual's beneficiary or personal representative. Any misstatement or omission of information made on Your Enrollment Form for the Initial Coverage Period or on any other materials on which We relied to issue, change or increase coverage will be considered a misrepresentation and may be the basis for later rescission of coverage. The validity of coverage issued under the Certificate with respect to an Insured or Dependents may not be contested after two years from the Initial Certificate Effective Date, except for fraud or nonpayment of premiums.

- D. Any Dependent who qualified and was added as an eligible Dependent under the Initial Coverage Period with Us must continue to meet the eligibility requirements set forth in the Certificate for any Subsequent Coverage Period with Us.
- E. For each Subsequent Coverage Period, You will be issued a new Certificate with this Consecutive Short Term Medical Insurance Plan Amendment, a new Certificate Number and Your premium may change due to a change in age or a change in the Covered Persons or due to a premium trend adjustment approved by the state. Your premium deductions will continue uninterrupted from one Certificate to the next unless You contact Us to cancel coverage.

GENERAL DEFINITIONS

“Initial Coverage Period” means a period of coverage that begins when a Covered Person first becomes insured by Us under a Short Term Medical Insurance Certificate issued with the Consecutive Short Term Medical Insurance Plan Amendment.

“Subsequent Coverage Period(s)” means a period of coverage that begins when a Covered Person becomes insured by Us under a second or subsequent Short Term Medical Insurance Certificate without a break in coverage between the Initial Coverage Period and Subsequent Coverage Period(s). The total number of consecutive months for Initial and Subsequent Coverage Periods shall not exceed 36 months.

Nothing contained in this Amendment will be held to vary, alter, waive or extend any of the terms, conditions, agreements or limitations of this or any Certificate other than as stated above.
